

Britannia 100 oz (3,11 kg) silver ingots in the IBIS InGold offer

July 15, 2022, Prague – As of today, IBIS InGold is offering its customers silver Britannia investment ingots weighing 100 oz. It is another product of the prestigious and world-famous mint, The Royal Mint, of which IBIS InGold is an official partner.

“Our customers are looking for a safe way to buy precious metals. This is what IBIS InGold offers while guaranteeing them to be the first owners of the ingots and coins purchased. We consider it equally important for them to have a wider choice and to be able to optimize their holdings in precious metals by selecting suitable weights that match their needs and possibilities,” explains Petr Špičák, the company’s marketing director.

On the front side of the ingot, there is the figure of Britannia, the graceful and noble warrior woman who has accompanied the British nation for almost 2,000 years, embossed. A new iconic rendition of Britannia is the work of Jody Clark. Silver investment ingots are processed in 999 purity and are packaged in plastic foil.
