

## Britannia silver ingots expand IBIS InGold offer

July 1, 2022, Prague – IBIS InGold is adding new Britannia silver investment ingots from The Royal Mint, one of the world's most prestigious mints, to its product offering. Customers can add silver investment ingots with the symbolic figure of Britannia to their portfolios.

*“As inflation rises, interest in physical investment metals is growing dynamically. Last year, we therefore included coins from The Royal Mint of England in our offer. Our customers have quickly grown to love Britannia, which is why we have taken advantage of the excellent business relationship we have with The Royal Mint to bring our customers silver ingots with this traditional symbolism,”* explains Petr Špičák, Marketing Director of IBIS InGold.

The 10oz (311g) Britannia silver investment ingot is available for purchase from today. The front of the ingot is adorned with an iconic rendition of Britannia by the famous British engraver Jody Clark, employed by the Royal Family. The ingots are made in 999 purity and are packed in plastic foil.

*“But let's not just stop at this weight. Our customers can already look forward to the Britannia silver investment ingot weighing 100 oz (3,110 g),”* says Petr Špičák, revealing the company's plans.
