

IBIS InGold Mobile App Now Available in 14 Languages

17 April 2025, Prague – IBIS InGold, a leading provider of gold and silver investment services, is significantly expanding the language capabilities of its IBIS InGold mobile application. The app, which enables clients to manage their gold accounts and investments in precious metals, is now available in 14 languages. This update makes the platform even more user-friendly for clients across various parts of Europe.

The newly supported languages include Czech, Slovak, English, German, Polish, Hungarian, Slovenian, Bulgarian, Spanish, French, Italian, Croatian, Romanian, and Dutch. By offering this wide range of languages, the company is removing language barriers, enhancing user comfort, and making the management of precious metal investments more accessible to all.

“Our goal is to offer a simple and intuitive approach to investing in gold and silver for as many users as possible. Expanding language options is a clear sign that we listen to our clients’ needs and strive to provide modern tools that meet their expectations,” said Petr Špičák, Marketing Director at IBIS InGold. *“This step is part of our long-term strategy focused on innovation and expanding the availability of our services across Europe.”*

IBIS InGold has long been recognized for its emphasis on innovation and modern investment technologies, seamlessly combining secure investments in gold and silver with a user-friendly experience. The extended language availability of the app creates ideal conditions for anyone looking for a professional and modern way to invest in precious metals.

About IBIS InGold

With a 27-year track record, IBIS InGold is one of the foremost dealers in investment gold and silver. Within Europe, it is a leader in the market for savings in precious metals. The company delivers innovative digital solutions for investing in and managing precious metals, pushing the boundaries of this traditional sector.

It offers the general public simple, flexible savings under the brand names iiplan[®], iiplanGold[®], and iiplanRentier[®], giving them the opportunity to make incremental purchases of precious metals starting at amounts as low

as EUR 4. With over 98,000 customers, IBIS InGold continues to consolidate its position as a reliable and trusted partner for gold and silver investments.

The company continuously innovates and updates its product portfolio. By combining traditional values with state-of-the-art technology, IBIS InGold offers customers highly secure products with exceptional liquidity. The latest product, the iiplanMax[®] corporate gold account, is designed specifically to meet the needs of businesses.

It offers gold-account customers a unique opportunity to engage with the innovative InGold PAY[®] electronic system, which individuals and companies can use to make transfers and online payments directly in gold.

IBIS InGold is an official authorised business partner of the PAMP refinery in Switzerland and The Royal Mint in the UK. This direct business partnership with both the most prestigious refinery and the most prestigious mint in Europe is a guarantee for all customers that the investment gold and silver they buy will be of the utmost quality and illustrates how prominent IBIS InGold is in the global precious metals trade.

IBIS InGold, together with its business partners, the PAMP refinery and The Royal Mint, is committed to the very highest standards of fair trade and social responsibility.
